AIRBUS

Airbus Digital Challenge

About Airbus

At the forefront of innovation and a proven leader in global aerospace, Airbus designs, manufactures and delivers cutting-edge commercial aircraft, helicopters, military transporters, satellites and launch vehicles, as well as providing data services, navigation, cyber and communications security, urban mobility and other solutions for customers on a global scale.

At Airbus, we draw on each other's expertise and experience and put our passion and determination into exploring sustainable aerospace developments. We connect to the best minds. We make bold decisions. We find smart solutions. We get the world's most advanced technologies off the ground.

During this 3-day online event running 3-5 April 2024, up to 100 selected participants from across Europe will form international, interdisciplinary teams to address a real-world digital challenge with support from world-class coaches.

Tackling the hottest topics in digital innovation for aerospace today you will learn new skills, discover exclusive industry insights and grow your network among digital enthusiasts, experts and leaders while enhancing your current and future employability.

By participating in the challenge you will have the opportunity to work on the following four themes:

Cybersecurity

Enterprise Resource Planning

Data Analytics & Artificial Intelligence

Systems Engineering (MBSE)

Eligibility

The Challenge is open to final year Bachelors, Masters and PhD students, as well as to graduates with up to 3 years of experience. Participants should be studying, have studied or developed professional skills in IT, Computer Science and digital-related disciplines such as:

- Software Engineering
- Artificial Intelligence
- Data Science,
- Cybersecurity
- Cloud Infrastructure Technologies
- Internet of Things
- Systems Engineering / MBSE

Applications are open until 11 March 2024

Discover the challenge: www.airbus.com/airbus-digital-challenge

Register and start your application: www.airbus-digital-challenge.com

All eligible candidates - whether selected for the Challenge or not - will be invited to apply to join an Airbus digital talent pool now or in the future.

Key dates

- 14 February: Applications open**
Complete your profile & application
- 11 March: Applications close**
11:59 Central European Time (CET)
- 25 March: Participants announced**
Up to 100 selected participants
- 28-29 March: Pre-event sessions**
Briefing & networking session
- 3-5 April: Live Event**
Morning to late pm / early evening
- 5 April: Winners announced**
Winning team(s) per track

Teamwork, digital innovation and knowledge sharing are at the core of the event. In addition to the learning and networking that comes from being part of this unique event, all participants will receive great Airbus merch and an Airbus digital skills credential. Look out for updates on more exciting prizes for the winning teams!
